

View of RFD-01

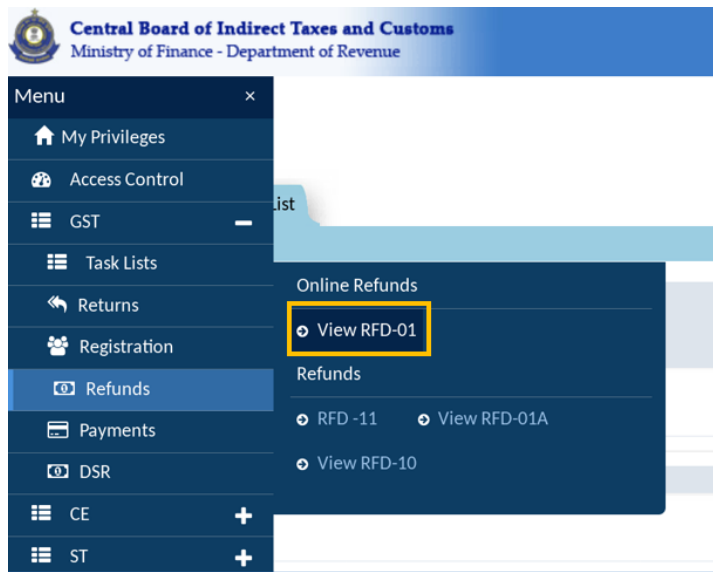

All the refund applications filed in the common portal by the Tax Payers falling in a particular formation will be available for view under the View RFD-01 screen to all the officers having permission in the formation. Jurisdiction permissions are controlled by ACL admins using the ACL module. For E.g the officer having Zonal level permission will be able to see all the applications filed by Tax Payers administered by Centre and falling under that zone. Similarly, the officer having permission at Commissionerate level will be able to see all the ARNs filed by Tax Payer administered by Centre falling within the Commissionerate and so on. The officer will be able to view the details of the Refund application, as well as the action taken, if any on the application by the Proper Officer.

The online refunds module covers the following functionalities:

- (i) Form- GST RFD-01: Online application for refund filed by the tax payer
 - (ii) Form- GST RFD-02: Acknowledgment
 - (iii) Form- GST RFD-03: Deficiency Memo
 - (iv) Form- GST RFD-04: Provisional Refund Order

- List can be generated using any of the search and sort options viz. ARN, ARN Date, From Period - To Period, Jurisdiction of Taxpayer, GSTIN, Taxpayer Name, Refund Type (12 types of refund application), Status and Claim Amount or combination of multiple options.

Showing: 1 - 2 of 2 Records Page: 1 of 1

Note: When the ARN is first received, it would be listed under status 'Pending issuance of Acknowledgement / Deficiency Memo'. If Acknowledgement or Deficiency Memo is issued, then corresponding status will get recorded in the application (ARN) iteration and will be available for view through ARN hyperlink.

Important:

1. If a refund application for the refund type '**Excess Balance in Electronic Cash Ledger**' is submitted by the taxpayer, then an 'Acknowledgement' is generated at the common portal itself. The proper officer of CBIC is not required to issue any acknowledgement or deficiency memo for this type of refund. The ARN will directly be appearing with 'Pending for Sanction Order' status.
2. On account of refund application, if debit happens in the electronic ledger of the taxpayer, then on issuance of a deficiency memo, system will automatically re-credit the entire amount to the same ledger. Against such ARN, PMT-03 may not be issued.

Tip: Type of refund application for which a debit takes place:

- a. **in the cash ledger:** Refund of Excess balance of cash in the electronic cash ledger (RFD-02/03 is not applicable for this type as acknowledgement is generated at common portal)
- b. **in the electronic credit ledger:**
 - o Accumulated ITC in Export of Goods or Services without payment of tax
 - o On account of supplies made to SEZ unit/ SEZ developer (without payment of tax)
 - o Recipient of deemed export supplies
 - o ITC accumulated due to inverted tax structure

7. List can be generated for a particular 'Status'.

Eg.: **STATUS: Sanction Order-Payment Advice Issued**- By selecting a particular status and clicking on search, the officer will be able to see the list of ARNs (all refund types) pending at that particular stage- For example officer can select "**Sanction Order-Payment Advice Issued**" to view all the application pending at that stage within the formation.
